Subject: Cyprus Tonnage Tax System (Law 44(I)/2010): Calculation of the Global Share for the Owners of Foreign Ships, Charterers and Ship Managers – applied for the fiscal year 2020

I wish to refer to the above subject and to inform you the following:

- (a) For the purpose of assessment of the Community-flagged Share of each company or group of companies, the Permanent Secretary of the Shipping Deputy Ministry (SDM) shall carry out an assessment upon expiry of the third year (on 31st December) as from the date of opting to be taxed under the Tonnage Tax System (TTS) (i.e. on **31st December 2019** for the companies which entered the TTS on 01 January 2017 or during the period 02 January 2016 - 01 January 2017– refer to SDM Circular No. 13/2011) and thereafter a further assessment every three years throughout the duration of validity of the Law 44(I)/2010.
- (b) In the case of a company or group of companies whose Community-flagged Share at the time of assessment is less than its Reference Share (unless it is over 60%) then no additional non-Community ships can enter the TTS until it raises its Community-flagged Share back to its Reference Share as minimum.
- (c) However as provided by sections 15(3)(a), 25(3)(a) and 35(2)(a) of the *Merchant Shipping (Fees and Taxing Provisions) Law of 2010* (Law 44(I)/2010 - the “Law”) and by paragraphs 8 and 10 of *The Tonnage Tax (Special Provisions for the Calculation of the Community Flagged Share) Notification of 2010* (P.I. 536/2010- the “Notification”) those companies or group of companies may take advantage of the sectoral **Global Share** to include additional non-Community ships in the TTS.

In this case, the said owner, charterer or ship manager shall be subject to an increase of ten per cent (10%) on the total amount of tonnage tax payable for all the

qualifying non-Community ships in his fleet, by virtue of the provisions of sections 15(4), 25(4) and 35(3) of the Law respectively.

(d) As provided by paragraph 10 of the Notification and for the purposes of implementing sections 15(3)(a), 25(3)(a) and 35(2)(a) of the Law, the SDM has calculated, in accordance with paragraph 11 of the Notification, the Community-flagged Share of the relevant global tonnage eligible for tonnage tax in the Republic of Cyprus (**Global Share**) on a sectoral basis for 2018.

2. Upon the results of the calculations, the Permanent Secretary of the SDM informs that for 2018:

- The Global Share for *Owners of foreign ships* has **decreased** in comparison to 2017 (from 20.40% to 20.15%),
- The Global Share for *Charterers* has **decreased** in comparison to 2017 (from 22.31% to 20.86%),
- The Global Share for *Ship Managers* has **decreased** in comparison to 2017 (from 43.85% to 40.33%).

3. Therefore, **Owners of foreign ships, Charterers and Ship Managers** whose Community-flagged Share is at the time of assessment (i.e. on 31st December 2019) below their Reference Share (unless this is over 60%) shall not include additional non-Community ships in the TTS until they raise their Community-flagged Share back to their Reference Share as minimum. The said ships cannot be considered as qualifying ships and will be taxed with corporate-income tax by the Department of Taxation and the company shall maintain separate books, records and accounts for those ships as provided by section 44 of the Law.
