To all Shipmanagers Operating
in the Republic of Cyprus.

Subject: Taxation of Shipmanagement Services
- Confirmation of Shipmanager's Status

I refer to the above subject and I wish to inform you of the following:

It is recalled that Cypriot companies are subject to a uniform corporate tax rate of 10% on their net earnings. Shipmanagement companies, however enjoy, subject to the conditions listed below, a special tax status. Shipmanagers are automatically subject to the taxation of the shipmanagement services on the basis of the tonnage of ships, for which shipmanagement services have been rendered. However, they have the option to be taxed under Section 28 F of the Income Tax Law, at the rate of 4,25% on the income derived from the rendering of shipmanagement services, under the provisions of the Income Tax Law in force.

Important: Shipmanagers, who will opt or opted to be taxed under the provisions of the Income Tax Law will have to provide, as from the fiscal year 2006 and for every subsequent fiscal year, the Department of Inland Revenue with a Confirmation of Shipmanager's Status. Such Document is issued by the Department of Merchant Shipping and certifies that the company complies with the requirements of the Law¹ and is thus eligible to be taxed at the rate of 4,25% on the income derived from the rendering of shipmanagement services, under the provisions of the Income Tax Law in force.
