DECK / COCKPIT LAYOUT

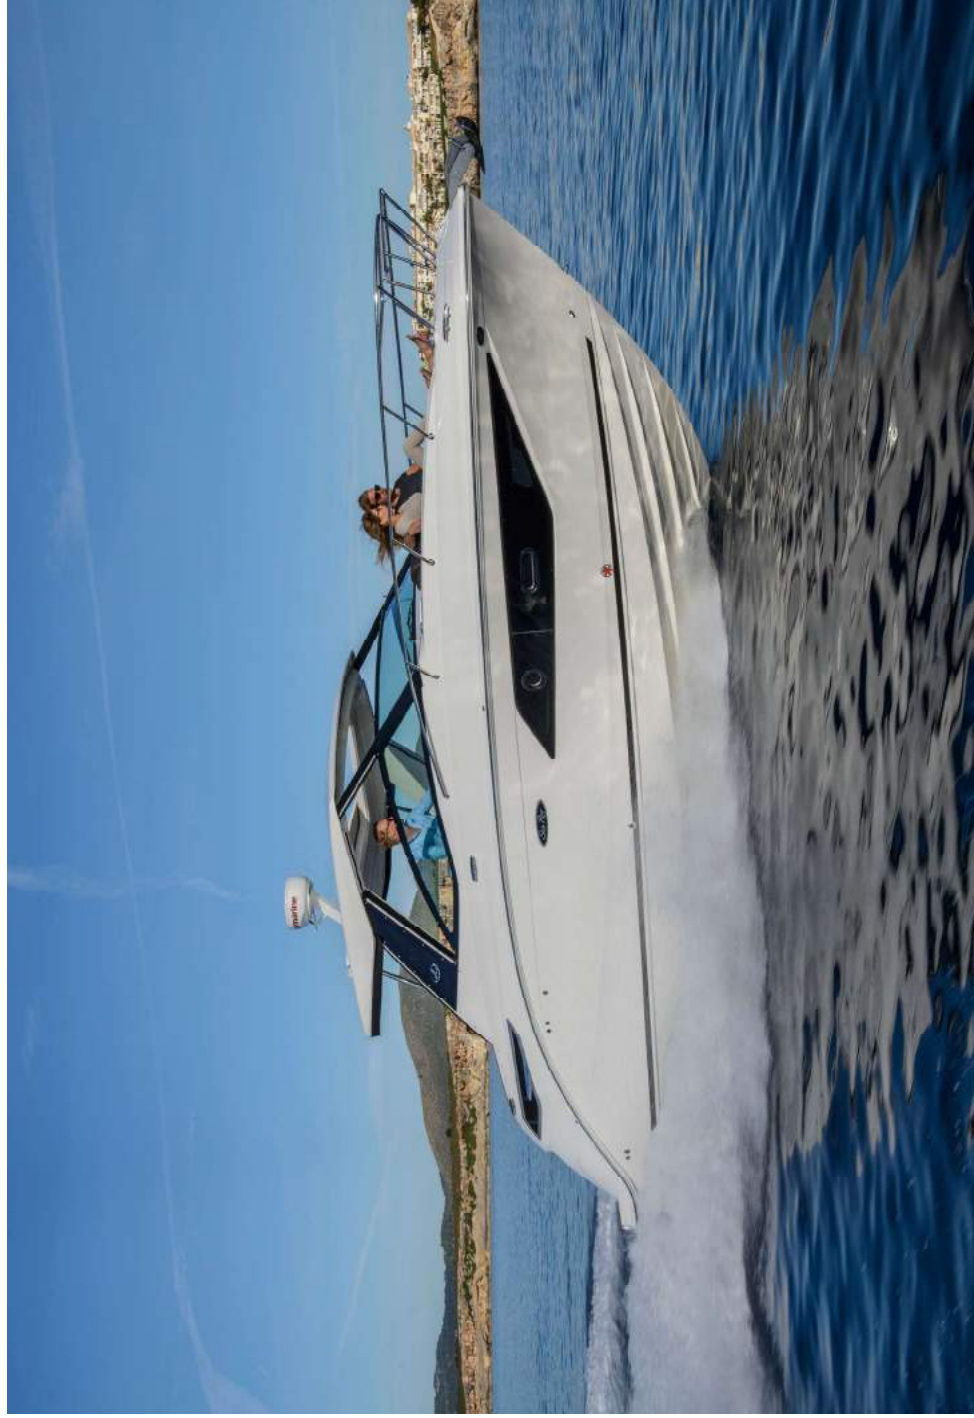

CABIN LAYOUT

SUNDANCER® 290

Blending the values of a sport cruiser and a sport boat/bow rider in one compelling package, the 290 features an inventive layout that makes full use of deck space. Outdoor and indoor zones are now equally usable; the bow area is far more robust than that of any other cruiser brand, while the cockpit affords versatile enjoyment of the water, and the cabin provides a comfortable place to get out of the sun or spend the night. Harmonious through and through, the Sundancer 290 is further proof that with Sea Ray is redefining the meaning of "Cruiser."
