

**ELECTRONIC TONNAGE TAX SYSTEM
(E-TTS)**

USER'S MANUAL

February, 2011

INDEX:

1. General Information
2. Functions
 - 2.1. Company Details
 - 2.2. Application (for Approval of the Option to be taxed under the Tonnage Tax System)
 - 2.2.1. Commands of the System
 - 2.2.2. Tables
 - A. Owners of Foreign Ships
 - B. Charterers
 - C. Ship Managers
 - 2.3. Tax Declaration
3. Reports
4. Annexes

1. General Information

The Department of Merchant Shipping (DMS) prepared an Electronic Tonnage Tax System (e-TTS) for the submission of the «*Application for Approval of the Option to be taxed under the Tonnage Tax System (TTS)*» (MS TT1) and for the submission of the relevant «*Declaration for Taxation*» (MS TT2) for every fiscal year electronically.

The Electronic Tonnage Tax System (e-TTS) can be accessed through DMS website at www.shipping.gov.cy.

To log-in the System please enter your **ID** and **PASSWORD** provided to you by DMS.

NOTE: **PASSWORD** is case sensitive. After 5 unsuccessful attempts to log-in, the system blocks your account and you must consult the DMS.

To *exit* the System (**log-off**) *Save* first your work and then close the browser window.

2. Functions

Use *Company Details* to update the address and any other contact details of your company.

The screenshot shows the Oracle Tonnage Tax System (e-TTS) interface. The top navigation bar includes 'Function', 'Reports', 'Control', 'Administrators', 'Help', and 'Window'. The main header displays 'DEPARTMENT OF' and 'TONNAGE TAX SYSTEM (e-TTS)'. A central menu lists 'Company Details', 'Application', and 'Tax Declaration'. Three callout boxes provide instructions: 'Use *Company Details* to update the address and any other contact details of your company.' (pointing to the menu item), 'Use *Application* to fill your Application form and submit it to DMS.' (pointing to the menu item), and 'Use *Tax Declaration* to fill your Tax Declaration form and submit it to DMS.' (pointing to the menu item). The background features a large watermark of the Department of Transport and Infrastructure logo. The bottom status bar shows 'Record: 1/1' and '<OSC>'.

2.1. Company Details

Update *Address details* and *Contact details* in the following screen.

NOTE: You do not have access to the *General details*.

The screenshot displays the Oracle Tonnage Tax System (e-TTS) interface. The header includes the Oracle logo and the text "DEPARTMENT OF MERCHANT SHIPPING" and "TONNAGE TAX SYSTEM (e-TTS)". The main content area is titled "COMPANIES" and contains three sections: "GENERAL DETAILS", "ADDRESS DETAILS", and "CONTACT DETAILS".

2.2. Application (for Approval of the Option to be taxed under the Tonnage Tax System)

2.2.1. Commands of the System:

These commands are the same for all the functions of the e-TTS (Application, Tax Declaration).

2.2.2. Tables

A. OWNERS OF FOREIGN SHIPS

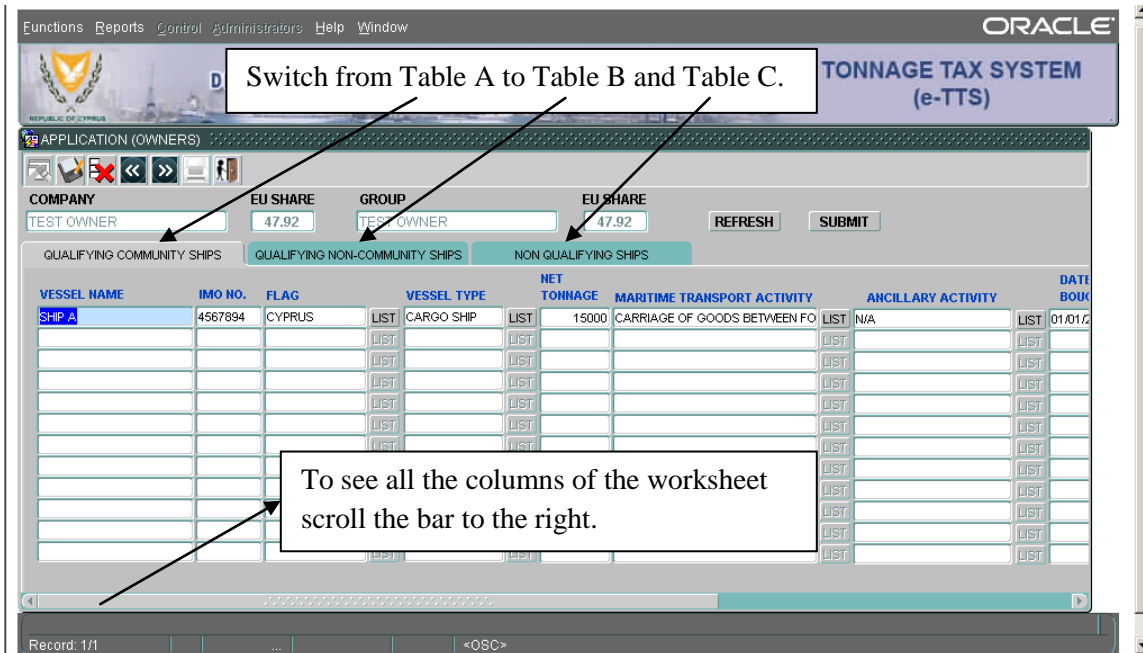

This is the «Worksheet» of the Owner of Foreign Ships, where all information will be provided/entered in respect of the vessels under operation.

The Worksheet consists of 3 sheets:

Qualifying Community Ships (Table A)

Qualifying Non-Community Ships (Table B)

Non-Qualifying Ships (Table C)

The Worksheet provides also information on the Community-flagged share of the Company (Company Level) and on the Community-flagged share of the Group (Group Level) if that company is a member of a Group.

Community-flagged share.

Refresh: updates the percentages in EU SHARE (and EU MANAGED and CHARTED IN) fields.
NOTE: You must first save the data added to the Tables (Save Record) and then press Refresh.

Company level.

Group level. If the company belongs to a Group, the information in these fields refers to the Group. If the company does not belong to a Group, the information which appears here is the same as in the company's fields.

Submit your Application \ Tax Declaration. **ONCE SUBMITTED, NO ACCESS TO THE FORM WILL BE ALLOWED.**

Table A: Qualifying Community Ships

Provides information on Community ships.

The tab colour of the sheet where you are working now is grey while the tab colour of the other two sheets is green.

The screenshot shows a software interface with three tabs: 'QUALIFYING COMMUNITY SHIPS' (grey), 'QUALIFYING NON-COMMUNITY SHIPS' (green), and 'NON QUALIFYING SHIPS' (green). The active tab contains a table with the following columns: VESSEL NAME, IMO NO., FLAG, VESSEL TYPE, NET TONNAGE, MARITIME TRANSPORT ACTIVITY, ANCILLARY ACTIVITY, and DATE BOOK. The first row contains the following data: SHIP A, 4567894, CYPRUS, CARGO SHIP, 15000, CARRIAGE OF GOODS BETWEEN PORTS, NA, and 01/01/2012. Several 'LIST' buttons are present in the table, with arrows pointing to them from a callout box. A status bar at the bottom left displays the message 'FRM-40202: Field must be entered.' and 'Record: 2/2'. An arrow points from this message to another callout box.

Where *List* appears, choose an option form the list.
NOTE: The options in the *Lists* are those which comply with Law 44(I)/2010, i.e. the *Flags* listed are those which are members of both the IMO and ILO (see attached Annexes of the manual for all the options in each *List*).

System messages and warnings appear in this area.

ALL the fields in ALL the Tables (A, B and C) must be completed. In case some of the requested information is not known to you when inserting the information for a vessel, you may save your work and complete the record when the information is obtained. However, the fields: VESSEL NAME, IMO NO., FLAG, VESSEL TYPE and NET TONNAGE must always be completed for all records. Otherwise, the system will not allow you to save your work.

Table B: Qualifying Non-Community Ships

The information requested is similar to Table A with some additional information which refers to the non-Community ships and is required by Law 44(I)/2010 (i.e. Classification Society and Compliance with International and Community Standards).

B. CHARTERERS

This is the «Worksheet» of the [Charterers](#), where all information will be provided/entered in respect of the vessels under operation.

This Worksheet is similar to the one of the [Owners of Foreign Ships](#) (see Section A for more info).

The Worksheet consists also of 3 sheets:

Qualifying Community Ships (Table A)

Qualifying Non-Community Ships (Table B)

Non-Qualifying Ships (Table C)

QUALIFYING COMMUNITY SHIPS QUALIFYING NON-COMMUNITY SHIPS NON QUALIFYING SHIPS

VESSEL NAME	IMO NO.	FLAG	VESSEL TYPE	NET TONNAGE	MARITIME TRANSPORT ACTIVITY	ANCILLARY ACTIVITY	TYP
SHIP A	1234567	CYPRUS	TANKER	15000	CARRIAGE OF GOODS BETWEEN FO	N/A	OS
SHIP B	7894561	CYPRUS IN-PARA	CARGO SHIP	33000	CARRIAGE OF GOODS BETWEEN FO	N/A	TC
SHIP F	5869969	GERMANY	CONTAINER SHIP	16667	CARRIAGE OF GOODS BETWEEN FO	N/A	VC

Record: 3/3 ... <08C>

Percentage of net tonnage of ships chartered-in to total net tonnage of all qualifying ships of the fleet (chartered-in or operated).

The Worksheet provides, in addition to the information on the Community-flagged share of the Company (Company Level) and on the Community-flagged share of the Group (Group Level) [the [EU SHARE](#)], the «*chartered-in*» percentage on the Company Level and Group Level.

[Charterers](#) must provide - in addition to the information provided by the [Owners of Foreign Ships](#)- information on the *Type of Chartering* or *ownership relationship* (where OS: Ownership, BB: Bareboat Charter, TC: Time Charter, VC: Voyage Charter and CA:

Contract of Affreightment) and as to whether the ships which are chartered-in are entirely managed from the EU/EEA territory.

C. SHIP MANAGERS

This is the «Worksheet» of the [Ship Managers](#), where all information will be provided/entered in respect of the vessels under management (including vessels for which only Commercial Ship management Services are provided).

This Worksheet is similar to the one of the [Owners of Foreign Ships](#) (see Section A for more info).

The Worksheet consists also of 3 sheets:

Qualifying Community Ships (Table A)

Qualifying Non-Community Ships (Table B)

Non-Qualifying Ships (Table C)

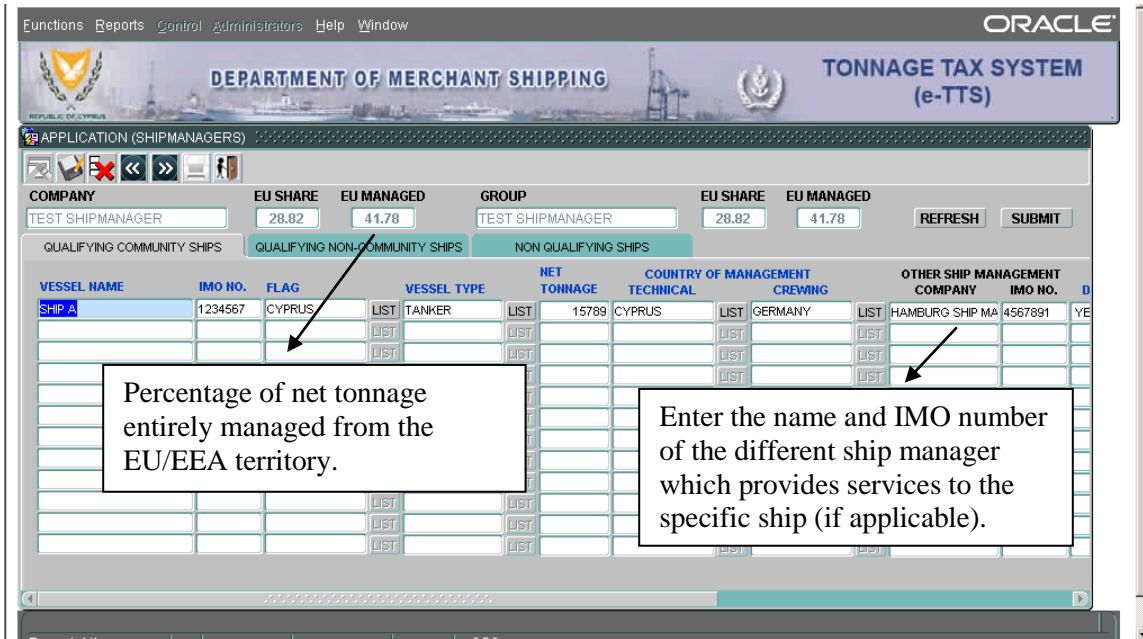

The Worksheet provides, in addition to the information on the Community-flagged share of the Company (Company Level) and on the Community-flagged share of the Group (Group Level) [the [EU SHARE](#)], the percentage of the net tonnage which is entirely managed from the EU/EEA territory on the Company Level and Group Level.

[Ship Managers](#) must provide - in addition to the information provided by the [Owners of Foreign Ships](#)- the following:

- Information on the company which provides the other part of the management activity. i.e. if the applying company provides only the *technical management* of a ship then information on the company which provides the *crew management* of that ship must be provided. If it provides *crew management services* then information on the company which provides the *technical management* must be provided. If the applicant company provides both, *technical and crew management services* to the same ship then the name of the company is sufficient.
- Information on compliance with the requirements of the *MLC 2006* Convention for [Crew Managers](#). If no crew management services are provided, then enter «Non Applicable» (N/A) in the specific field.
- Information on certification of [Technical Managers](#) under the ISM Code (*DOC*) by the competent authority of the flag State of the ships under its management. If

no technical management services are provided then enter «Non Applicable» (N/A) in the specific field.

- The name of the *P&I Club* which the vessel is entered with.

ISM certification for Technical Ship managers (Document of Compliance). If not applicable, choose N/A.

Compliance with MLC 2006 Convention for Crew managers. If not applicable, choose N/A.

2.3. Tax Declaration

The Tables are identical to the ones in the [Application](#), with ONLY two differences being:

- a column added (last column of the Tables entitled: *Tax*) which will enable the calculation of the tax,
- a column added to [Ship Managers](#) entitled: *Management Type* where the [Ship manager](#) has to insert the management type offered to the specific vessel, i.e. *Technical management*, *Crewing* or *Technical and Crewing*.

The commands and functions in the Tables are also the same.

The screenshot displays the 'TAX DECLARATION (SHIPMANAGERS) FOR YEAR: 2010' interface. At the top, there is a menu bar with 'Functions', 'Reports', 'Control', 'Administrators', 'Help', and 'Window'. Below this is the 'DEPARTMENT OF MERCHANT SHIPPING' header with a logo and 'TONNAGE (e)' text. The main title is 'TAX DECLARATION (SHIPMANAGERS) FOR YEAR: 2010'. Below the title are navigation icons and a company information section with fields for 'COMPANY', 'EU SHARE', 'EU MANAGED', 'GROUP', 'EU SHARE', 'EU MANAGED', and 'REF. SHARE'. The 'REF. SHARE' field is highlighted with a callout box that reads: 'Reference Share: Community-flagged share of company when applied to enter the TTS.' Below this is a section for 'QUALIFYING COMMUNITY SHIPS', 'QUALIFYING NON-COMMUNITY SHIPS', and 'NON-QUALIFYING SHIPS'. The main table has columns: 'VESSEL NAME', 'IMO NO.', 'FLAG', 'VESSEL TYPE', 'NET TONNAGE', 'MANAGEMENT TYPE', 'COUNTRY OF MANAGEMENT' (with sub-columns 'TECHNICAL' and 'CREWING'), and 'OTH C'. The 'MANAGEMENT TYPE' column is circled. The table contains one row with 'TEST' in the vessel name, '1234567' in IMO No., 'CYPRUS' in Flag, 'LIST' in Vessel Type, 'N/A' in Vessel Type, 'LIST' in Net Tonnage, '1000' in Net Tonnage, 'TECHNICAL & CREWING' in Management Type, 'CYPRUS' in Country of Management, 'LIST' in Technical, 'CYPRUS' in Crewing, and 'LIST' in Other. At the bottom, there is a 'TOTAL NET TONS' field with the value '1,000' and a 'Record: 14' indicator.
